ENHANCING SKILLS FOR LIFE

Ronnie Hindsman's Annual Bowling Tournament

Ronnie lost both arms above the elbow in 2004 due to a workplace accident. About a decade later, he attempted bowling with the help of an assistive device that fits into the end of one of his prosthetic arms. He is now bowling in a weekly league and in 2019, he started a bowling tournament fundraiser benefitting Enhancing Skills for Life. Ronnie wanted to make sure the workshops that have helped him over the years would be able to continue as well as provide scholarship support for those who may not be able to attend the workshops otherwise.

“Empowering Those Living Without Both Arms or All Four Limbs”

Skills for Life Bilateral Upper Limb Loss Triennial Workshops 2002-2022

Host of the world's largest workshops and events to empower, educate, and connect individuals missing both arms or all four limbs.

These unique workshops include a program that features a series of talks and demonstrations devoted specifically to issues faced by individuals missing both arms or all four limbs. Presenters include those living without limbs, therapists, prosthetists, physicians and others.

“This workshop has exceeded all of my expectations. The experiences were beyond amazing and having the opportunity to meet and connect with other amputees is life-changing.” -SFL Workshop attendee
